

## Tweedmouth West First School Intent, Implementation, Impact - DT

## Respect Responsibility Resilience

Intent	We intend to build a Design Technology curriculum which develops learning and results in the acquisition of knowledge and skills and processes needed to become competent at designing and making.
Implementation	<ul> <li>Clear and comprehensive scheme of work in line with the National Curriculum.</li> <li>develop the creative, technical and practical expertise need to perform everyday tasks confidently and to participate successfully in an increasingly technological world</li> </ul>
	<ul> <li>build and apply a repertoire of knowledge, understanding and skills in order to design and make high-quality prototypes and products for a wide range of users</li> <li>critique, evaluate and test their ideas and products and the work of others</li> <li>understand and apply the principles of nutrition and learn how to cook</li> </ul>
Impact	Children will know more, remember more and understand more about Design Technology.  • The large majority of children will achieve age related expectations in Design Technology.  • As designers children will develop skills and attributes they can use beyond school and into adulthood.
